Air Quality Forecast for the UK

Issued by the Met Office

Today: Air pollution levels are expected to be widely Low across the UK on Tuesday. There remains an increased chance of Moderate pollution given bonfire night events.

Tomorrow: Air pollution levels are expected to remain Low across the UK on Wednesday. However, there remains the chance of isolated pockets of Moderate given any further bonfire activity.

Outlook: Air pollution levels are likely to remain mostly Low during the period. However, an increasingly southerly airflow and settled conditions persisting, there remains the chance of pockets of Moderate levels.
